ETERSUPDUALIDE-620

ETERSUPDUALIDE-620: Lettore e scrittore USB per programmazione carte Mifare

Caratteristiche, specifiche e applicazioni

Specifications

- Interface: USB 2.0

- Contactless: Communication ISO 14443 A/B, ISO 18092 (NFC), Mifare, DESFire, FeliCa; NFC forum tag type 1~4, NFC P2P

- Contactless speed: 106/212/424/847kbps, up to 424kbps for NFC P2P

- Contact Card Interface: 1 ID + 1 SAM slot (SIM type, ISO7816, T=0, T=1)

- Certification: CE, FCC, Telec certified, RoHS complaint

Application

- Identification System

- Card Issuing System

- Card Operating System Development

- NFC/ e-Payment System

Features

- Combines ISO 7816 contact and ISO 14443 contactless within one device

- PC/SC compliant, Proprietary Mode

- DUALi SDK, FDK available for Easy Development

- Easily upgradeable download of the latest firmware

- Special SDK(NFC tag Manager) for NFC developer
