

EL-REC20 & EL-REC40

Recess Exit Sign Adaptor Brackets

Features

- ▶ Allows 20m and 40m FIREscape exit signs to be flush mounted into suspended ceilings
- ▶ Spring-loaded clips provide secure fitting to most hollow ceiling materials
- ▶ Requires exit sign and mounting base (not supplied)
- ▶ Luminaires awarded BSI Kitemark™.

Description

These recess adaptor brackets allow a semi-flush fitting of the EL-20 and EL-40 exit signs. The brackets need to be fitted with an exit sign and a mounting base (not supplied) and are equipped with spring loaded clips for secure fixing to most hollow ceiling materials.

The brackets also feature a small inspection hole in the ceiling plate which allows sight of the bicoloured status LED on the exit sign cup within the ceiling void.
