SpeakerPhone Jeweller Wireless voice module for alarm verification	

Real-time voice communication for enhanced security

SpeakerPhone Jeweller is a wireless voice module for clear and secure two-way voice communication between users and a security company. The device lets the central monitoring station (CMS) contact the site immediately after an alarm to analyze the situation and rapidly respond to an emergency. The easy-to-install solution is a perfect choice for both residential and commercial settings.

Rapid response to a verified alarm

Situation	Verification	Action
The Ajax system detects a threat (e.g., motion detection, smoke, or panic button alarm).	The Ajax hub immediately triggers SpeakerPhone Jeweller to establish direct voice contact with the security company's CMS.	Knowing the kind of threat, the security company can respond accordingly (e.g., dispatch security patrol or contact emergency services).

[icon] AI-powered voice optimization

- Clear voice transmission
- Suppression of extraneous noise
- Improved audibility even at long distances
- Option to set up the AI feature in an Ajax app

[icon] VoRF communication protocol

- Ajax proprietary audio streaming protocol using time division duplex
- Full duplex audio communication
- More than 30 minutes of maximum talk time
- Up to 1,700 m of wireless communication range with a hub

[icon] Sabotage protection

- Tamper alarm and a built-in accelerometer to notify of device dismantling
- Device authentication to prevent spoofing
- Communication loss detection
- Data encryption

[icon] Hassle-free installation

- Pairing with the hub by scanning the QR code
- Remote control and configuration via Ajax apps
- Up to 4 years of battery lifespan
- SmartBracket mounting panel for easy installation without the need to disassemble the device enclosure

---

Superior, **Fibra**, and **Baseline** product lines are mutually compatible. This opens up numerous possibilities for building systems of any configuration.

Compatibility	Communication with a hub	Sound	Power supply
